We Rally Around Parents (WRAP)

Referrals

- Received 66 referrals from 13 different sources
- •I met with 48% of the clients referred
- 30% of referrals are clients that I am conducting/have conducted regular home visits with

Goal Movement

- There has been positive movement by two or more intervals in at least 1 of 10 goal areas for more than 50% of the families that I have worked with.
- For example, when looking at housing as a goal, I helped 7 homeless families find housing
 Relocation services were provided to 2 other families, providing them with better access to support systems and resources.

Enrollment of children and families into Early Childhood Programming

- 12 children were enrolled through direct involvement with WRAP
- 10 children were already enrolled
- 3 mothers did not enroll in services because they were pregnant
- 6 families had school aged children only

Connection to Mental Health Services

- 17 of 20 clients receiving routine visits have a diagnosed mental illness.
- 11 of 20 clients were connected to one or more services due to WRAP program involvement.
