Presenter (Name and Title):  Terry Neff, Environmental Services Director  Estimated Time Needed				
Summary of Issue:				
This past legislative session the Governor signed into law requirements for Temporary Family Health Care Dwellings. The law amends Minnesota Statutes Chapter 394 by allowing the placement of these structures without regard to existing local land use controls and permitting process. The structures described in law are very limited on the size, duration of stay and design standards, which are similar to an RV. The law does allow local units of government to opt-out through the adoption of a resolution. I feel it is in the best interest of Aitkin County to adopt an opt-out resolution and control the placement and permitting of such structures through our local ordinances and permitting process, which do not discriminate on the size, duration or design of the structure. I have attached a copy of the amendment to Mn Statutes Chapter 394 and a copy of the proposed opt-out resolution.

Alternatives, Options, Effects on Others/Comments: Allow the placement of these structures which restricts the size, design and duration they can remain on a property.
