Submitted by: Rich Courtemanche	Department: Land / LLCC
---	-----------------------------------

Presenter (Name and Title):	Estimated Time Needed:
------------------------------------	-------------------------------

Summary of Issue:

Long Lake Conservation Center (LLCC) has an inventory of items that it would have sold in its "canteen"/gift store if schools were able to attend. The inventory consists of 1,896 items including wearables, books, gifts, and jewelry. Stock cost of the inventory is \$8,461 with a potential retail value of \$17,072. Operating an on-line store was explored and found to be cost prohibitive due to accounting and shipping costs.

As an alternative, the Long Lake Conservation Center Foundation (LLCF) desires to outright purchase \$4,000 of the inventory to be used for LLCF mission including being resold at a profit, gifted, or used a premium for donations to the foundation. LLCF would also like the option to purchase the remaining inventory at a later date.

It is the mission of the LLCF to support LLCC.

The County Auditor has no objections as long as the materials that are transferred and responsibility for transactions and funds are the responsibility of the LLCF.

Alternatives, Options, Effects on Others/Comments:

LLCC can hold stock for reopening of school in 11 months. However, the LLCF could use the materials now to promote gifting or profit to the LLCF and would provide much needed short term cash to LLCC.

Recommended Action/Motion:

Motion to allow the Long Lake Foundation to purchase Long Lake Conservation Center inventory at cost.

Financial Impact:

Is there a cost associated with this request? Yes No

What is the total cost, with tax and shipping? \$

Is this budgeted? Yes No *Please Explain:*

Provide LLCC \$4,000+ to offset revenue loss.
