Summary of Issue:
The MnDOT Office of State Aid requests that counties periodically update their 5-year bridge replacement plans so they are able to plan, on a statewide basis, the amount of funding needed for the Local Bridge Replacement Program. Aitkin County last updated it's bridge priority resolution in November, 2019.

The county highway bridges on the attached resolution are proposed for replacement based on annual bridge safety inspections and corresponding condition ratings. These bridge replacement projects will also be reflected in the 2022-2026 Capital Road Improvement Program that will be updated in the coming months through the annual budget process.

For the township bridges on the list, agreements are in place between the identified townships and Aitkin County Highway Department to facilitate those bridge replacement projects.
