### A. Needs Statement

#### 1. Besides funding, what is the single biggest challenge you are facing in financial assistance services?

As a small county, our Financial Workers are unable to specialize in a singular program area. It is a challenge to keep all program rules clear due to the different policy per program. Creating simplicity and standardization of program rules and manuals would assist my staff immensely. All programs are going through major reforms and this causes frustration and confusion for my team. ^

Better resources at DHS regarding policy and less "silo" thinking would be helpful to my team. For instance, CCAP and MFIP are paired together quite often these programs have such different ways of looking at eligibility it is difficult to keep existing workers in the loop on changes and new workers to understand the intricacies of each program. v

#### 2. Besides funding, what is the single biggest challenge you are facing in employment services?

A significant number of our clients are open to MFIP through the FSS program with our workforce center. These clients have difficult challenges to move through to become self-sufficient. There is a lack of mental health and chemical dependency providers in our area to assist people through these challenges. Due to our area, transportation feeds into these issues for our clients. ^

I have been in discussion with our Employment Services Providers about these barriers and the opioid and transportation issues are the major items impeding self-sufficiency. v

**3. What strengths and resources do you have available to address the needs of your participants?**

Please **check all** the resources available to participants in your service area and check whether the resource is available within MFIP financial or employment services "in-house" or from a partner organization (county resources with developed connections to MFIP), and/or an external community resource or both. If you lack sufficient resources in your area, check the Resource Gaps column, even if there are some resource sources. Add any "other" resources that you consider necessary.

**Employment Services Provider(s) Information**

Statute 256J.50, subdivision 8: Each county, or group of counties working cooperatively, shall make available to participants the choice of at least two employment and training service providers as defined under Minnesota Statutes, section 256J.49, subdivision 4, except in counties contracting with workforce centers that use multiple employment and training services or that offer multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs.

List your current employment services provider(s) and check the respective box to indicate which population served. If a Workforce Center is the only employment services provider, list the multiple employment and training services among which participants can choose. Section G of this form addresses provider choice.

### C. Measures

#### Performance Measures

1. Performance-based funding is determined by a service area's annualized Self-Support Index value. Review the Information and report links in this section to see the effect of performance on funding and reporting, based on Statute 256J.626, subdivision 7.

Starting for calendar year 2016, each service area funding allocation starts at 100 percent. Each year starting with the 2016 allocation, a bonus to a service area's Consolidated Fund allocation will be based on its performance on the Self-Support Index in the previous April to March year.

The **three-year Self-Support Index (S-SI)**: This measure starts with all adults receiving MFIP or DWP cash assistance in a quarter and tracks what percentage of them, three years later, are no longer receiving family cash assistance or are working an average of 30 hours a week if still receiving cash assistance. Those who left MFIP after reaching 60 counted months and those who left due to 100 percent sanction are only counted as a success if they worked an average of 30 hours per week in their last month of eligibility or if they began receiving Supplemental Security Income (SSI) after family cash assistance ended. To provide fair comparisons across service areas, DHS calculates a "Range of Expected Performance" for the S-SI that is based on local caseload characteristics and economic conditions. The service area's Self-Support Index value is whether the service area was above, within, or below its expected Range.

The S-SI and Range are annualized for the four quarters in the April through March year ending in the reporting year before the funding year. See the MFIP Annualized S-SI and WPR report for 2017 on the MFIP Reports page on the DHS website. A service area with an annualized S-SI "above" its customized Range of Expected Performance for 2017 will receive a 2.5 percent bonus added to its

[Consolidated Fund allocation for calendar year 2018.](#)  
[MFIP Annualized S-SI and WPR report \(PDF\)](#)

If your service area is receiving a bonus, congratulations! Please share a success strategy here:

In Aitkin County, MFIP and DWP rules and policies are communicated clearly to each family so that they understand what the expectations are. Additionally, we set high standards so that families are expected to be at their best and are rewarded by their success. We also focus on providing follow up services to those families who have left MFIP and DWP with a strong focus in job retention.

In autumn of 2017, our employment services and financial workers have started utilizing a new tool to ensure we have cases coded correctly. We are working through this as a new function to our meetings and are hoping to improve the WPR in Aitkin County.

A couple of our major challenges in improvement of our WPR are the first two months a client is open are counted in our rate even if the individual is FSS, our transportation issues in the county and we need to be more diligent with our sanction process.

Aitkin County and our ESP have an excellent working relationship and have a shared vision of improving our WPR and S-SI numbers. Aitkin County has fairly successful S-SI number but our WPR is a challenge to meet.

6882 characters remaining

In the future, if your service area has an annualized S-SI below its range for two consecutive years, you will have to **negotiate a multi-year improvement plan** with the commissioner. If no improvement is shown by the end of the second year of the multi-year plan, the next year's allocation must be decreased by 2.5 percent, to remain in effect until the service area performs within or above its Range of Expected Performance. For example, a service area scoring "below" for 2016 and 2017 would need to put in place a multi-year improvement plan. If continuing "below" for 2018 and 2019, there would be a 2.5 percent decrease for the 2020 Consolidated Fund allocation which would continue until an annualized S-SI above or within its Range. Then the service area would receive 100 percent of the allocation.

Supplemental Information about the Performance Management System and Performance Improvement Plans can be found on CountyLink: [www.dhs.state.mn.us/HSPM](http://www.dhs.state.mn.us/HSPM). If you would like additional information, contact the DHS Performance Management team at [DHS.HSPM@state.mn.us](mailto:DHS.HSPM@state.mn.us) or 651-431-5780.

### C. Measures (continued)

**Racial/Ethnic Disparities**

2. A racial/ethnic disparity for a service area is defined as a **one-year Self-Support Index** that is five or more percentage points lower for a non-white racial/ethnic group than for the white group of MFIP/DWP-eligible adults in that area. Access the report "Two-Year Performance Trends of Racial/Ethnic and Immigrant Group". This report lists (1) service areas that have any racial/ethnic disparities requiring action and (2) the table of differences for all service areas.

**If your service area is in the disparity list, please answer the following question:**

DHS will work with you to reduce these disparities.

**If your service area has not made changes to your random drug testing policy since the last BSA, go to Section E.**

3. What procedures/policies do you have in place for administering random drug tests of convicted drug felons on MFIP as required by Minnesota Statutes, section 256J.26, subdivision 1?

- Written policy within the MFIP unit
- Coordination with Corrections
- Currently establishing new policy/procedure(s)
- Other SPECIFY:

3

How many employment services front-line staff in your county or consortium have MAXIS access?

1

How many managers/supervisors have MAXIS access?

2. Describe the process your service area uses to identify and resolve discrepancies between MAXIS and WF1 data in areas such as Family Stabilization Services coding, employment/hours, sanction status, etc.

Employment Service staff work very closely with Aitkin County Health and Human Services Financial Workers to clarify any discrepancies. We meet monthly for caseload reviews where Maxis access is available so that cases can be reviewed and any shortcomings can be discussed and corrected.

In autumn of 2017, our employment services and financial workers have started utilizing a new tool to ensure we have cases coded correctly. We are working through this as a new function to our meetings and are hoping to improve the WPR in Aitkin County.

**Administrative Cap Waiver**

Minnesota Family Investment Program (MFIP) allows counties to request a waiver of the MFIP administrative cap (currently at 7.5%) for providing supported employment, uncompensated work or community work experience program for a major segment of the county's MFIP population. Counties that are operating such a program may request up to 15% administrative costs.

If your county is interested in applying for the waiver for the coming biennium, please complete the following four questions. Email [Trla.Change@state.mn.us](mailto:Trla.Change@state.mn.us) if you need assistance with the waiver.

1. Describe the activity(s) you will provide.

Financial Hardship Request

FINANCIAL HARDSHIP - Exception to Choice of Employment Service Providers Requirement

MFIP provisions require counties to make a choice of at least two employment service providers available to participants unless a workforce center is being utilized (Minnesota Statutes, section 256J.50, subdivision 8). Counties may request an exception if meeting this requirement results in a financial hardship (Minnesota Statutes, section 256J.50, subdivision 9).

A financial hardship is defined as a county's inability to provide the minimum level of service for all programs if a disproportionate amount of the MFIP consolidated fund must be used to cover the costs of purchasing employment services from two providers or the cost of contracting with a workforce center.

To request approval of a financial hardship exception from the choice of provider requirement, please provide the following information.

1. If the county had a choice of providers in calendar year 2015, describe:
  - factors that have changed which indicate a financial hardship
  - why the hardship is expected to persist in the near future and
  - the magnitude of the hardship, which makes limiting delivery of employment services the best financial option for the county.

characters remaining

2. Summarize options explored by the county, including use of other partners in a workforce center or other community agencies, such as a Community Action Program or a technical college. The summary should also include:
  - major factors which prevent the county from utilizing these options and include a cost analysis of each option considered; and
  - the process used to determine the cost of other options (RFP or other county process).

characters remaining

3. If the county proposes to directly deliver MFIP employment services, provide a budget and staffing plan that clearly indicates consolidated funds will not be used to supplant county funds. The description should include information about what steps will be taken to ensure that county staff have the experience and skills to deliver employment services.

characters remaining

The Department of Human Services (DHS) and the Department of Employment and Economic Development (DEED) will also review the amount budgeted by the county for employment and training during calendar year 2015 and use this amount as a guide to determine whether the amount budgeted by the county for calendar year 2016 is reasonable.

If a financial hardship is approved, DHS and DEED will closely monitor county programs to ensure outcomes are achieved and services are being delivered consistent with state law.
