Aitkin County is establishing its 2019 budget. As an organization that received funds from Aitkin County in 2018, we are asking for your assistance.

According to our records, in 2018 your organization received appropriations in the amount of \$10,000 and an additional \$10,000 for capital improvements.

Please indicate the project(s) that you intend to fund with the capital appropriations.

There will be very limited availability of funds for appropriations in 2019. In the event your organization is requesting an increase, please be sure to include a statement which justifies the requested increase. Specifically, we would like to know the expenditure or revenue pressure your organization is facing and how any increase granted by the County Board would improve services. Also, please include any steps your organization is taking to control your costs.

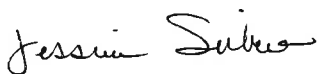

With all requests, regardless of whether or not you are seeking an increase, please include:

- The amount of money you are requesting from Aitkin County and a budget of how the money will be used
- A narrative that includes the services you provide to the taxpayers of Aitkin County
- A list of who these services are rendered to and approximately how many people are served
- Three pieces of information that the County Board believes is necessary:
 - What is your total annual operating budget?
 - What is your year end Fund balance (capital and operating or other)
 - Where else does your funding come from - i.e., grants etc.

Please have this information back to me prior to July 27th for consideration of the County Board.

If you have any questions, please feel free to call me at (218) 927-3093. Thank you for your time and attention to this matter.

Dear Maureen:

On September 12, 2017 the Aitkin County Board of Commissioners approved CARE's additional appropriation request of \$8,000, for a total appropriation of \$45,900 for 2018 only.

The County Board appreciates everything CARE does for our community and has the utmost respect for the organization. They understand that CARE has gone through many changes in the past few years and offer their support. However, the Board is hopeful that during 2018 CARE will be able to get enough funding through other means, such as grants, so that in 2019 CARE will not need the additional \$8,000. If CARE determines more than the set appropriation of \$37,900 is needed in 2019, the County Board will ask that you give a presentation and explain your situation.

Please remember to send a letter to my office in 2018 requesting your appropriation payment.

Regards,

Jessica Seibert
